FARMER STOCKHOLDERS AFTER HARVESTER CO

PAWPAW MAN IS ONE OF COMMITTEE WHO FILED BILL IN CHICAGO.

THEY DEMAND AN ACCOUNTING

Farmers Say They Were Duped When They Bought Stock in the "Trust Buster."

Philip Niebergall of Pawpaw is one of a committee of three stockholders of the Independent Harvester Co. of Plano who, today, on behalf of 27,000 farmers, filed a bill in the U. S. district court, Chicago, asking that an accounting of the funds and proceedings of the company be made. The committee, the other members of which are E. M. Theblay of Eagle Grove, Ia., and Grant Grinnell of Kankakee, was appointed by 1500 of the stockholders in the company, a \$10,000,000 concern.

The charge of the committee and counsel is that farmers were duped into paying as high as \$15 and \$25 above par for stock in a concern touted by promoters as organized to "buck the harvester trust off of the map."

They allege they were denied any voice in the management of the trust buster and are being duped by mismanagement of the corporation on the part of the missionaries who sold them stock.

The bill is directed against W. C. Thompson, 4522 Greenwood avenue, president and controller of the voting stock of the company, principally.

Demand Accounting.
The farmers demand that Thompson be made to give an accounting of the business of the corporation, its profits and losses in stock, sales and machinery departments, that the corporation books be audited, that Mr. Thompson be forced to tell what compensation he has received and that he be made to pay back into the treasury of the corporation any money unlawfully received. The bill also avers that there has been much money illegally appropriated.

The bill asks that Thompson be removed from office, that the corporation be reorganized on co-operative lines and that the holders of non-voting stock be given the privilege of voting in the affairs of the business.

It is stated that in Lee county there are a large number of stockholders in the concern and that they have been aware of the conditions that have existed for some time.

Machinery Discount Stock.
The stockholders bought what is called preferred machinery stock. They thought, they state in the bill, that they were getting controlling stock. They found later these holdings gave them no voice or vote in the management.

The bill states that \$9,000,000 of the stock is nonvoting. The other million is controlled by Thompson. He holds the directors' meetings in Portland, Me., \$6,000,000 of the machine discount had to be sold.

The company was organized in 1905 to buck the trust. It was evolved from the Kellogg Harvester Co. of Plano. It has never paid a dividend although the bill states stockholders have represented that it was soon to pay one of from 10 to 25 per cent.

TELEGRAPH ADLET HAD QUICK RESULT

EIGHTEEN APPLICANTS ANSWER AD WITHIN HOUR AFTER ISSUE.

Within an hour after the issue of the paper containing the two-line want ad had been distributed over the city, and before 6 o'clock, eighteen applicants had phoned the restaurant asking for the job. The place is now satisfactorily filled. This is just another reminder of the fact that it pays to advertise in the Telegraph.

MRS. J. H. ANDERSON IN FINAL SLEEP

HIGHLY RESPECTED RESIDENT PASSED AWAY THURSDAY EVENING.

Mrs. James H. The funeral services will be held at the home at 2 o'clock Saturday afternoon, Rev. F. D. Stone, pastor of the Methodist church, officiating, with interment at Oakwood.

Clara Clark was born at Bloomington, Ill., July 27, 1849. During her young womanhood she moved to Chicago where, on Oct. 26, 1869, she was united in marriage to James H. Anderson. BANDIT ROBBS TRAIN

Bold Outlaw Holds Up Express in Kansas City.

Lone Man Gets \$1,500 in Money and Jewelry From Passengers on Kansas City Southern.

Kansas City, Mo., May 2.—A lone robber who boarded Kansas City Southern passenger train No. 5 at the depot here lined up and robbed the passengers soon after the train left here this morning, securing about \$1,500 in money and jewelry.

When Jesse E. Short of Joplin, Mo., one of the passengers, and a millionaire, was commanded to throw up his hands he drew a pistol and began firing at the robber.

The bandit returned the fire and Short fell, badly wounded. The robber also was hit by a bullet, and, fearing the resistance by the passengers was to become general, jumped from the train and ran.

The wounded robber left a trail of blood behind which was expected to lead to his capture.

The train left here for Joplin and the south. The bandit attracted no special attention as he took a seat in the chair car.

After the train had proceeded about three miles the East Bottoms district of this city the passengers in the chair car were startled by a sharp command: "Throw up your hands." All obeyed at once, and at the command of the robber they lined up in the aisle.

The bandit kept them covered and collected their money and valuables.

WARM WEATHER WILL BRING OUT BOATS

PICNIC PARTIES ARE ALREADY BEING HELD AT LOWELL PARK.

Rock river has receded rapidly in the last few weeks and is about normal in stage. There is comparatively little boating on the river yet, but the season has just begun. If the present hot weather continues it is very likely that practically every boat on the river will be put in commission to get its owner and friends away from the stuffy offices and into the freedom of nature.

The first picnic parties have been held and the parks up the river will be well filled from now on when the weather is pleasant. The season at Grand Detour has opened and many trips will be made there.

UTILITIES COMPANY BUYS WATER RIGHTS

During the past six weeks agents for a utility company, believed to be the Illinois Northern, have been busy making purchases of farms east and northeast of Lyndon, bordering on Rock river. WILSON IN BIG FIGHT

President in New Jersey Demands Jury Reform.

Newark, N. J., May 2.—President Wilson battled hard in two speeches at Newark and Elizabeth to wrest New Jersey politics from what he termed a "resumption of control by Jim Nugent and the old political machine."

Great crowds, frequent interruptions of applause and demonstrations of approval greeted the president. He pleaded for the calling of a constitutional convention and for taking from the sheriffs the power to draw men for jury service. He said a nonpartisan commission should perform that function.

"I am sorry," he said at Elizabeth, "that I should have to come back to speak words of criticism, but I must say that it is familiar to have the war paint on in New Jersey again. And is it not singular that we should always have to be fighting to get control of our own affairs?"

"Before James Nugent of Essex county took charge of the legislature . . ."

Hissing began in the crowd and the president waited a moment and continued:

"I don't know for whom those hisses are, but I hand them over to Jim Nugent to whom they belong—a sinister private agent openly conducting affairs on the floor of the legislature who did not dare to it as long as some one would go home and point him out as a man not commissioned to speak for the people and as a man opposing the processes of law which he dare not submit to."

CARTRIDGE IN BOMB-FIRE EXPLODES AND GOES THRU BOY'S LEG

DAN WOLFE IS VICTIM OF BULLET LET FROM CARTRIDGE IN OLD PAPERS.

DID NOT KNOW IT WAS THERE

Was Standing Watching Fire When "Bang" and Bullet Plowed Through His Leg.

Dan Wolfe, employed at Eichler's clothing store, was shot in the leg this morning while burning papers at the home of his employer, Isadore Eichler, when a Springfield rifle cartridge which Mr. Eichler was keeping as a remembrance of his days in the hospital corps, and which had been thrown out with the papers, exploded.

The young man was assisting at the Eichler residence and had taken the pile of old papers which Mr. Eichler had removed from a trunk, into the back yard, where he ignited them. As he stood watching the blaze, to prevent any of the papers from blowing away, there was an explosion and the leaden ball entered the calf of his left leg, plowing a big hole, which bled profusely.

Not Dangerous.

A surgeon was called and after dressing the wound the medical man announced that the wound was not dangerous, although there may be a possibility of infection.

However, Mr. Wolfe is congratulating himself on his escape from what might have been a serious injury.

Many Eyes Defects

are common—that is, the person is born with them.

There is often a flattening of the eyeball, or a shortening which renders seeing difficult.

The muscles of accommodation automatically strive to overcome these defects, which cause the eyes and cause all sorts of bodily discomforts. There is a simple, pleasant cure for all these troubles—the wearing of glasses.

We are able to determine what lenses each case needs—able to do it with scientific accuracy.

WHAT YOU HAVE BEEN WAITING FOR

Hundreds of people are in need of properly fitted eye glasses, but do not know where to go for them, or whom to trust with their most precious possession (their eyes).

I have fitted over 4000 People in this County to Glasses.

You can trust a man who has such a record of satisfied patients.

I am in Dixon to stay and have an office fitted up especially for testing eyes and fitting glasses correctly.

A trial is my most convincing argument.

ILLINOIS NEWS

Death News Secret

Elgin—Fearing the shock might prove fatal if she knew that the roof of the home in which she lay ill, was burning, firemen worked swiftly and quietly Tuesday while extinguishing a small blaze on the roof of Mrs. J. H. Garrison's residence.

Although slightly disturbed, Mrs. Garrison did not know that a fire was in progress. The woman was at no time in danger from the flames and there was no fear of the residence being seriously damaged. The fire consisted of a small blaze on the roof caused by a defective chimney, it is said.

Mrs. Garrison has been ill for more than two months. Her husband died March 23. At this time, Mrs. Garrison was unconscious, so that his death was kept a secret after she recovered consciousness for fear of a relapse. None of Mrs. Garrison's relatives have yet informed her of her husband's demise.

Stole All His Money

The was being saved by Joe in order that he could send to Mexico for his wife and family. He has lived in Milledgeville for some time, working hard and living all alone, trying to save the required amount. Yesterday a new Mexican located the \$60 which was all Joe had and made way with it. A telegram was sent to locate the thief but no clew is yet given for his capture.

Sues For Children

Aurora—Suit for \$10,000 damages has been filed in the circuit court against the Western Wheeled Scraper Company and the Burlington railroad as joint defendants, by Public Administrator William Greenaway, in behalf of Mrs. George Huluga, and five children of Austria, for the death of the husband and father who was killed at the scraper works January 25 when a switch engine backed into a timber which Huluga and another employe had pushed out through a window in "turning an end" of the timber with a wood-working machine.

Fight Over Fence

Sterling—As a result of a dispute over the ownership of six inches of ground, John H. Gammon yesterday commenced the erection of a fence on property claimed by D. L. Miller. The fence building was promptly stopped by Mr. Miller, who has filed up the only hole that Mr. Gammon's workmen succeeded in digging, and, as a result, complications are likely to ensue.

According to Mr. Gammon, Mr. Miller recently erected a fence on the latter part of his lot between the Miller and Gammon lot. Mr. Gammon's lot extended over six inches on the property claimed by Mr. Miller and occupied by Mr. Miller's back fence, which led Mr. Gammon to commence the erection of a fence on the front end of his newly acquired six inches.

City Engineer Arey asserts that his figures are indisputable and will stand in any court in the country.

Dixon Men in Club

Several Sterling sportsmen have leased a quarter section of land in Hamilton township, Lee county, a short distance east of Hahnemann station which will be used as a hunting preserve, and will be immediately posted with signs warning trespassers to keep off. No hunting will be allowed except when special permission is given.

This is the first step in the formation of a new hunting club of about ten members, including two or three from Dixon. There is a cabin on the ground, which will be used as a hunting lodge. The 160 acres are all pasture land with the exception of three large ponds, making an ideal duck country.

M. and St. Paul railroad, and although his wagon was wrecked and the harness torn from the horse, both horse and driver escaped with out serious injury.

DIXON IS ON HIS ROUTE

In the "How to Spend Your Vacation Column" of Sunday's Chicago Tribune, the following article by a Waukegan man appeared:

My plan is to take a ten days' trip with a friend on our bicycles. Our route is as follows:

We will start out Monday morning and go straight west. We figure covering about twenty miles in the forenoon and twenty in the afternoon. Our first day's dinner will be carried with us from home and eaten on the road. We expect to arrive in Woodstock late the first afternoon. Here we will pay for lodging, supper, and breakfast next morning.

On Tuesday we will eat dinner at Belvidere and arrive in Rockford for supper.

Wednesday's trip will be down the beautiful Rock river to Dixon, stopping for dinner at Oregon.

By Thursday night we have reached Mendota, after a day's ride through the beautiful farming country of Lee County. From Mendota we will remain over night and reach which we will probably reach at noon, as the distance is only fifteen miles.

Here we will remain until Saturday morning, when we will travel up the Illinois river to Morris, where we will remain over night, and reach Joliet by noon the next day, Sunday.

By Monday night we expect to be in Chicago, where we will take a day off to see the sights. We will start home Wednesday morning.

The total number of meals will be twenty-seven and at 25 cents each (which is all we will pay,) our meals will cost us \$6.75. Nine nights' lodging at 50 cents a night will add \$4.50 to the amount. Other minor expenses will bring the total up to about \$15. Of course we will take a small kodak with us. Also a repair outfit, daily dairy, etc.

I think this will be one of the most enjoyable trips one could take for \$15.

The New Dresses Are Irresistible

You will 'love' every dress which Bischof shows this season, from the dainty lingerie gown of marquisette or net for afternoon wear, to the trim and practical tub frock of ratine and linen.

Linen, pique, voile, net, crash and marquisette are all represented in these good-looking models.

The most elaborate afternoon dresses are trimmed in lace or ribbon—for ribbon, both flowered and plain, is used extensively to "brighten up" the summer dresses.

Slight drapings and puff effects are used on many models, and many charming accessories give added distinction—a kid belt, perhaps a lace tie, soft shirred girdles, or a velvet bow with pearl buckle—all in all, summer dresses were never more becoming and charming.

All next week we will display a wide selection of the dresses which won enthusiastic applause at the Bischof Style Show. Whether you intend to buy ready-to-wear dresses or not this season, come in and see these. When you do, we know you will be convinced that it will not pay you to make up your summer wardrobe when you can purchase such garments at our low prices. You will find that every one fits perfectly, for Bischof garments are always fitted on live models and need little, if any, alterations.

A Special showing of dresses at \$5.00.

Silk dresser from \$8.50 to \$25.00.

House dresses from \$1.00 to \$1.50.

Bamboo Shades 8x8 ft. \$2.25
 6x8 ft. \$1.75

ABBOTT DETROIT

The Car That Will Bear The Closest Scrutiny

Every Abbott-Detroit car is built with the expectation that it will receive a critical examination at the hands of a well-informed prospective owner. To pass a shoddy job would mean to jeopardize our business. Turn on the searchlight of mechanical investigation and convince yourself of our claims. No company can hope to be permanently successful by other than bona fide dealing and giving full value for purchase price.

That has been the basis on which the Abbott Motor Company has been doing business since it came into existence four years ago. We have been on guard for you, from the earliest steps in the selection and preparation of raw material and up through the various stages of car building, every employee is instructed that only perfect work will be accepted. Large forces of expert inspectors in all departments see to it that these instructions are followed out. No flawed or questionable material or inferior workmanship are permitted to enter into the car. Every part must stand the rigid test of the instruments or the exacting judgment of the inspector to which it is submitted.

Anything short of this policy would result in after expense and consequent dissatisfaction and loss of trade. Whether or not you have any great knowledge of automobiles you can thoroughly rely upon receiving only the highest quality in the Abbott-Detroit. When a car leaves the factory it is in every way a finished car and ready for hard wear and service. From the innermost gear or spring to the finish of the body every feature is all that it should be.

Remember, you cannot find a better balanced and more mechanically perfect car than the Abbott-Detroit. The powerful, silent, long-stroke Continental Motors cannot be duplicated for efficiency. The single unit, self-contained electric Self-Starter is no less wonderful. It is built as part of the power-plant and never fails to respond. Besides these are scores of other leading features. Underslung Springs, Electric Lights, Oversize Goodyear No-Rim Cut Tires, Booth Demountable Rims, Heavy Artillery Wheels, Oil Finished Hickory Spokes, Inside Control, Dual Ignition System, Multiple Dry Disc Clutch, Spicer Universal Joints, Genuine Cellular Radiator, Selective Transmission, Full Floating Rear Axle, Timken and Shafer Bearings, Rain Vision and Ventilating Windshield, Gasoline Gauge, Dash and Extension Lights, Hand-Buffed Leather Upholstery, 12-inch Turkish Roll Cushions, Piano Finish—24 Operations, Finest Trimmings, Etc., Etc.

A DEMONSTRATION WILL CONVINCING YOU OF EVERY CLAIM MADE FOR THE ABBOTT-DETROIT.

The home of some of the finest White Wyandotte chickens, (in Brooklyn township) has been rightfully christened by its proprietor, Frank Barr, and hereafter shall be known as "Orchard View Poultry Farm." The name is derived from the fact that the handsome orchard on Mr. Barr's farm is viewed by the poultryman and his flock and is in fact, a portion of the poultry yard itself. The name is a very pleasing one and should add much dignity to the quality of birds in Mr. Barr's pens. Here's wishing the Orchard View Poultry Farm and its proprietors the best of success.

The funeral of the son of Mr. and Mrs. Amel Cardet took place Wednesday morning, from St. Mary's church, with interment in the Catholic cemetery adjoining town. The services were conducted by Rev. B. M. Krug, pastor of the church and were attended by a large number of relatives and friends. The unfortunate boy had been taken with blood poisoning through some accident to his foot and the developments were such that his young life was very suddenly snuffed out. Mr. and Mrs. Cardet have the sincere sympathy of the entire neighborhood for they were afflicted by the loss of their tiny baby five months ago, making their trouble doubly hard to bear.

Through some unaccountable way the new barn on the J. B. Mettelle farm north of town caught fire Wednesday morning and burned to the ground. The women folks were alone at the house when the blaze was discovered the men being in the fields at work. Thus the fire gained headway before aid from town arrived. Several autos were standing on our streets when the alarm was sent in and each was quickly loaded with men who went to help but there was no hope of saving the barn and the only thing to be done was to save the other buildings and property near by. All the live stock was saved, but of course the grain and hay, belonging to Mr. Sorrenson, the tenant, was lost in the ruins. Mr. Mettelle will be a loser also but his loss is partially covered by \$1500 insurance which he carried through the Gehant agency at West Brooklyn. Just last summer the other barn for which this one was built, after its being destroyed, was burned just as mysteriously and people are wondering what ill luck can be hovering about the spot. Mr. Mettelle has this consolation—it took just three days

for him to get his insurance check last year and he expects the same fair treatment this year. His policy is in the Aetna of Hartford.

Will our West Brooklyn subscribers look at the little yellow tag on their paper and if anything is due, send postoffice order or check for the amount.

Wheat. The political situation abroad brought lower cables and decline here of 1c from yesterday closing. Before the last there was rally, final prices showing 1-4 to 3-8 and 1-2 loss. Reports of gains along the Missouri valley helped bears secure decline. Rally came when it was announced Montenegro was still defiant and foreign situation not near a settlement. Insect damage reports continue. While there may not be anything immediate bullish, if foreign conditions improve the market is in such a condition as to cause advance with stimulus from fresh export business or unfavorable crop developments.

Some fresh export business done, mostly to the continent and clearances on old sales show increase as wheat from lakes begins to arrive at seaboard. Weeks clearances relatively small but may increase now. The world shipments should show light and amount on ocean passage also a decrease.

Corn: Early decline when wheat was weak gave better strength later and close at unchanged prices. Shipping demand not active except from industries and receipts show increase, on previous sales to arrive. Clearances for week light and may not increase until exporters begin on fresh shelled corn. There appears demand for summer shipment which would develop on a good break. We think market is in scalping position only for a time.

Oats: Better weather with promise of showers weakened oats but losses were largely regained before close. Cash demand proportionate to receipts and probably will not much increase until there is larger movement from which to select.

Provisions: This market lost its gain of yesterday and acted weak. With anticipation of good run of hove in next 60 days packers will not encourage strength. Available supplies small, there are sufficient for current requirements and stocks of product should show good increase in next few months.

Wouldn't any woman be happy. After years of backache suffering. Days of misery, nights of unrest. The distress of urinary troubles.

When she finds freedom. Many readers will profit by the following.

Mrs. C. Charlton, 77 Peoria Ave., Dixon, Ill., says: "All the people to whom I have recommended Doan's Kidney Pills have found them satisfactory. It gives me pleasure to on firm all I said about this remedy when I first endorsed it. I had suffered for quite a long time from pains in my back and sides and they were particularly severe at night and early in the morning. After stooping, it was hard to straighten and my kidneys were unnatural. Finally I heard about Doan's Kidney Pills and got a supply at Leake Bros. Co.'s Drug Store. It did not take them long to give me relief."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

In Olden Times

Girls loved a good fighter. In all
times they have liked good lookers.
But today they like, above all, a good
provider.

Come into our store and provide
her with a beautiful box of delicious
chocolates.

We have a stock of the most en-
ticing chocolates she ever tasted.
Every melting morsel is an argument
for you—and an argument in her
mouth, too. They will do her good
and do you good—with her.

Our sanitary and most beautiful
Red Cross fountain is always ready
to serve you with a nice, refreshing
drink.

Tomorrow, Saturday, will be held
another big sale in all the sweet
meats.
